

Objectives: ...use math to solve problems
 ...identify mathematics in everyday situations

Math and Feet

Count feet in the pictures below. Cut out the pictures you need at the bottom. Paste them into the boxes to make each number sentence true.

$$\square + \square + \square = 16 \text{ feet}$$

$$\square + \square + \square = 20 \text{ feet}$$

$$\square + \square + \square + \square = 27 \text{ feet}$$
