

Betty Bunny Loves Chocolate Cake

Objectives: ... explain the importance of time passage with respect to a goal
... identify the mathematics in everyday situations

Time It

Each of the activities require time. Do any 5 of the activities below with a friend. Estimate the time you will need, do the activity, using a clock to measure and record the exact time needed to complete the activity. Write a number from 1 to 5 in the square to show which activity took the least amount of time (1) to the activity which took the most time (5). At the bottom of the page, tell how you did in estimating the time and why knowing how much time it takes to do something important.

<p>Move water from one cup to another using a spoon.</p> <p>Estimated time: _____</p> <p>Actual time: _____</p> <div style="border: 1px solid black; width: 40px; height: 40px; margin-left: auto; margin-right: auto;"></div>	<p>Chew and swallow 10 miniature marshmallows.</p> <p>Estimated time: _____</p> <p>Actual time: _____</p> <div style="border: 1px solid black; width: 40px; height: 40px; margin-left: auto; margin-right: auto;"></div>
<p>Toss a balloon back and forth with a friend 25 times.</p> <p>Estimated time: _____</p> <p>Actual time: _____</p> <div style="border: 1px solid black; width: 40px; height: 40px; margin-left: auto; margin-right: auto;"></div>	<p>Hop on one foot a distance of 10 feet.</p> <p>Estimated time: _____</p> <p>Actual time: _____</p> <div style="border: 1px solid black; width: 40px; height: 40px; margin-left: auto; margin-right: auto;"></div>
<p>Find the word <u>patience</u> in the dictionary and copy the definition.</p> <p>Estimated time: _____</p> <p>Actual time: _____</p> <div style="border: 1px solid black; width: 40px; height: 40px; margin-left: auto; margin-right: auto;"></div>	<p>Write each of your spelling words two times each.</p> <p>Estimated time: _____</p> <p>Actual time: _____</p> <div style="border: 1px solid black; width: 40px; height: 40px; margin-left: auto; margin-right: auto;"></div>
